SKILLS SUMMARY

- **Languages:** C, C++, Java, Python
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** MySQL, AWS, Docker, Maven, Git, GitHub, Data Structure Algorithm
- **Backend:** Spring Boot, Postman
- **Soft Skills:** Leadership, Problem-Solving, Project Management, Adaptability

PROJECTS

Inter-Process-Communication-IPC-Debugger | [GITHUB](#)

Feb 2025- Mar 2025

- Developed a Python-based debugging tool to monitor, visualize, and debug Inter-Process Communication (IPC) mechanisms.
- Constructed a graphical user interface (GUI) for real-time visualization of pipes, message queues, and shared memory segments.
- Engineered a deadlock detection module using NetworkX for graph-based analysis and visualization of process interactions.

Shell-Scripting-Tasks | [GITHUB](#)

Jan 2025- Feb 2025

- Authored a suite of five shell scripts to automate common Linux system administration and monitoring tasks.
- Executed log analysis scripts to parse system logs (e.g., /var/log/auth.log) to identify failed SSH login attempts.
- Created reporting utilities to extract usernames from /etc/passwd and calculate total user login times by parsing the last command.

TRAININGS

RHCSA Training | *RedHat Enterprise* | [Certificate](#)

June 2025-July 2025

- Undertook an intensive 6-week RHCSA course, acquiring deep expertise in system administration and enterprise Linux environments.
- Administered core system components, including storage with LVM, network configuration, software packages (DNF/YUM), and user/group permissions.
- Deployed and managed RHEL systems based on real-world scenarios, applying industry-standard practices in preparation for Red Hat certification.

CS50x: Introduction to Computer Science | *Harvard University (via edX)* | [Certificate](#)

Dec 2024

- Gained a rigorous foundation in computer science through programming, algorithms, data structures, and web development.
- Launched full-stack web applications using Python (Flask), SQL, and JavaScript, building from a foundational understanding of memory management in C.
- Enhanced problem-solving abilities and understanding of core computational concepts, from algorithms to database design and web application architecture.

CERTIFICATES

- Oracle Cloud Infrastructure 2025 Generative AI Certified Professional | *Oracle* Oct 2025
- DevOps -SkillUp | *GeeksforGeeks* Oct 2025
- Privacy and Security in Online Social Media | *NPTEL* Apr 2025

ACHIEVEMENTS

- Solved 200+ DSA problems across platforms like LeetCode and GeeksforGeeks, strengthening problem-solving and algorithmic thinking skills | *LPU* Jul 2025
- Automated five critical daily Linux administration tasks (user reporting, log review, resource monitoring) using custom Bash scripts, saving an estimated 4 hours of manual effort per week | *LPU* Jun 2025

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering Since Aug 2023
CGPA: 7.47
- **J.M.R College** Vaishali, Bihar
Intermediate - PCM Apr 2020 – Mar 2022
Percentage: 67.5%
